

JT-MA-LUX 360° LED T8 Tube

High Quality LED T8 Tube with a full 360° Beam Angle. An ideal solution for double-sided light boxes.

Each tube contains two rows of High quality LED chips with optical lenses. Extra aluminium in the PC pipe allows for better heat dissipation and a low operating temperature.

Applicable uses: Factory, Supermarket, Restaurant, Exhibition, Office and Shopping mall etc.

Technical Specifications

Product Code	JT-MA-LUX-23	JT-MA-LUX-28
Input Voltage	AC100-220V 50/60Hz	
Output Power	23W	28W
Dimensions	Φ 26 x 1200mm (4ft)	Φ 26 x1500mm (5ft)
Cover	Clear	
Colour Temperature	6500K	6500K
LED Quantity	40pcs	48pcs
Lumens	2200lm	2800lm
Beam Angle	360°	
Power/ End Cap	Powered one end. Fixed End Cap as Standard	
IP Rating	IP65	
Lifespan	50,000 hrs	
Safety Certificates	CE, RoHS	
Warranty	3 years
