

## New LED Linear Batten Light

High quality LED linear batten light, suited to a wide range of applications including Conference, Meeting Rooms, Office, Schools & Warehouses.

The body is made of an aluminium alloy with excellent heat dissipation, and the cover is made of high light transmittance and fire-proof PC material.

The light source uses the very latest LED chip technology, which coupled to a constant current driver, delivers a high and uniform brightness, with stable, reliable operation over a long life time.

### Technical Specifications

Product Code	JT-EVA-180	JT-EVA-270	JT-EVA-360
Description	4FT (1200mm) 40W LED Batten Light	5FT (1500mm) 60W LED Batten Light	6FT (1800mm) 72W LED Batten Light
Power	40W	60W	72W
Voltage	AC100-240V		
Colour	Day White (5000K)		
CRI	>80		
Dimensions	1200 x 72 x 38mm	1500 x 72 x 38mm	1800 x 72 x 38mm
LED Quantity	180 pcs	270 pcs	360 pcs
Viewing Angle	120°		
Lumens	4800lm	7200lm	8640lm
IP Rating	IP44		
Safety Certificates	CE, RoHS		
Lifespan	30,000 hrs		
Warranty	3 years
